**Awake Golf offers small group golf instruction in our Birdie Academy and we are personally inviting Girl Scouts of all ages to join us on June 7th!!**

Come practice with us in a FUN and POSITIVE learning environment! Throughout your session, you will learn the proper mechanics for putting, chipping, pitching and launching using our SNAG® (Starting New At Golf) equipment. You will also participate in our golf fitness class and spend time with one of our instructors in our "Tee Talk!" Golf is a lifetime sport and during "Tee Talk," we have an open forum discussion on the many ways golf can be experienced and how we can learn many life skills through the game of golf! You will then put your skills in action by finishing your session with a fun team challenge!
